

Summary of Flammable Liquids Bylaws

- A certificate of registration is to be obtained in the event that a person is involved in spray painting, storage, manufacturer or use of flammable liquids or substances.
- The application is to be made to the Municipal Manager who shall grant or refuse the application in accordance with the prescripts of this bylaw.
- The certificate may lay down conditions.
- No person is authorized to deliver, or receive goods that have flammable liquids in them.
- A certificate in respect of the carrying of this substance may be transferred from one person to the other upon written consent of the Municipal Manager.
- The premises upon which this liquid is stored may be inspected by an authorized official.
- The bylaw clearly outlines how the flammable liquids may be stored, used as well as handled.
- The authorized official from the Municipality may from time to time send out or serve out notices that shall prohibit smoking or the use of naked flames in or around the area of storage.
- In the event that it is found that the holder of the flammable liquids are carrying on business in a manner that is dangerous notice to discontinue this practice may be sent to the holder.
- In an event of a spillage, a person becoming aware of the spillage must report the incident to the Chief Fire Officer.
- All accidents involving flammable liquid spillage must be reported to the Head of Protection Services immediately.
- All breach of conditions of certificate means a breach of this bylaw and therefore the incumbent is liable to be penalized under this bylaw.
- When necessary the Chief Fire Officer may create places wherein the flammable liquid may be stored given regards to the nature of the material.
- The Head of Protection Services may inspect registered premises where the liquids are stored.
- There are penalties attached to this bylaw.
- The bylaw is called **FLAMMABLE LIQUIDS BYLAW.**
